## **COUNTY HIGHWAY X BRIDGE PROJECT 2015**

This bridge is scheduled for replacement in Summer/Fall 2015. The Wisconsin Department of Transportation is in the process of bidding out the contracted bridge and grading construction work.

Once a contractor is selected, additional details of construction scheduling will be made available. Motorists can expect CTH X to remain open to at least one lane of traffic thru most of the construction work, however CTH X will be detoured briefly during bridge pile driving operations.

Boaters can expect the channel to remain open during most of the project, however the contractor is allowed to close the channel to boat traffic when they deem it necessary.

A Public Informational Meeting will be scheduled to provide more details once a contractor is selected.  
Additional information will be made available to the public frequently throughout the project.

Brian Kelley, PE  
Deputy Highway Commissioner
